

# SCENIC LOOP TUBING MAP & KEY

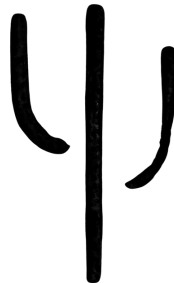

## DESCRIPTION:

**SCENIC LOOP -TUBING (30-40 MINUTES)**

**10-15 minute walk back to the tube launch**

- Meet and park your car at Saguardo Lake Ranch.
- Pick up your tubes and attend a 5-10 minute orientation
- Launch at the ranch and float down 30-40 min to "Tuber Take-out" and get out of the water.
- Begin your 10-15 min walk with your tube back to the tube launch area. Repeat as many times until 6 pm.

## Available End of Spring/Summer/Beginning of Fall

- This portion of the river is seasonal. Each Fall, the Stewart Mountain Dam reduces the amount of water being released which causes the river level to decrease, making it unsuitable for rafting and other water sport activities.
- The following Spring, the damn increases the amount of water released, making the water level suitable for rafting and other water sport activities.
